MOTA ANNOUNCES SALE OF UK SUBSIDIARY

West Columbia, SC – MOTA Corporation (MOTA) announced today the sale of its UK subsidiary MOTA Europe Limited (MEL) to Siempelkamp Nukleartechnik GmbH located in Krefeld, Germany.

MOTA President Ron Mencarelli stated, “The sale of the UK subsidiary was an appropriate decision for MOTA and will now permit the U.S. based MOTA Corporation to focus its business development resources on the U.S. market, while still having the opportunity to provide its specialty services and expertise to the European market through a close working relationship with Siempelkamp Nukleartechnik GmbH.”

Michael Szukala, President of Siempelkamp Nukleartechnik GmbH said, “The acquisition of MOTA Europe Limited gives us a highly respected team based in the UK that will allow the growth of our business within the UK Nuclear marketplace.”

The UK company name will change to Siempelkamp Nuclear Technology UK Limited and will remain based in Glasgow, Scotland.

MOTA Corporation is a Services Disabled Veteran Owned Small Business headquartered in West Columbia, SC. MOTA provides Reactor and Non-Reactor Decontamination and Decommissioning including Specialty Mechanical Segmentation Equipment and Abrasive Wire Segmentation Services to the Commercial and Government Markets.
